**Third International Conference on Health and Biodiversity – Cohab 3
Galway City, Ireland, 14th – 18th September 2026**

Conference Registration

Registration process

The Cohab Initiative Secretariat (Cohab) invites registration for the Third International Conference on Health and Biodiversity (Cohab 3) from governmental, intergovernmental and non-governmental organisations, academia, and other civil society organisations engaged in relevant areas of policy, research, communications, or practical activities at the intersection of health and biodiversity.¹

In order to ensure a balanced representation across all regions, disciplines and perspectives, and to facilitate our goal of promoting participation and engagement by indigenous peoples, youth and lesser-resourced or vulnerable groups, the registration process is divided into two stages.

1. **Participant nomination:** Organisations are invited to nominate participants through an official letter stating the name and contact details of their intending participants. This letter should be sent by email to coh3@cohabinitiative.org. Organisations wishing to send more than one person to the conference are kindly requested to list all nominations in one letter if possible.

This nomination process will open on 11th February 2026 and close on Friday 31st July 2026.

An initial limit of five persons per organisation will apply, with exceptions possible for organisations wishing to support attendance of project partners from low- and middle-income countries (LMIC)² or others representing indigenous peoples, youth or other marginalised, vulnerable or under-represented groups. Such proposals should be clearly stated in the official letter.

Cohab may revise this limit per organisation at a later date. Where a full complement from any organisation cannot be accommodated for any reason, the organisation will be notified and may be requested to revise their nomination list.

As far as is possible, receipt of official letters will be acknowledged within 2 working days of receipt, and notification regarding acceptance or deferral will be made within 10 working days thereafter.

2. **Online registration:** Upon notification of acceptance, nominated participants will be sent a link to a URL where they can complete the registration process. Upon completion, participants will receive a digital conference pass which will be required for presentation at the conference venue.

Registration fees cover access to conference sessions, lunches, morning and afternoon refreshments, the welcome reception and social activities. The conference banquet is a separate event hosted by Cohab, for which a nominal fee is applicable.

¹ Including relationships between the health of humans, animals, plants, other biota and ecosystems, and the diversity of species, genes, habitats, ecosystems and ecosystem services, and landscapes.
